

## the aquaSketch workshop

Learn how to create beautiful marine artwork on location UNDER WATER!  
Absolutely NO prior drawing experience is necessary.

1. Drawing class 2. Sketch underwater 3. Paint the sketches in watercolor 4. Exhibit the work at a wine and cheese art reception!

All classes are taught by world renowned marine artist and inventor of the Aquasketch, Mark Hagan

### Workshop includes:

1. Pre-dive classes in:
  - Basic drawing skills for beginner through advanced students
  - How to use the AquaSketch to draw underwater
  - Diving techniques when drawing
  - Use of photography for reference
  - use of other reference materials
2. Open water dive classes
  - instructor is present for instruction or guidance
  - the AquaSketch and all art materials are provided
3. Post-dive workshop
  - All underwater student artwork is scanned into a computer
  - Students receive print outs of their drawings on heavy cotton rag watercolor paper
  - Instruction in the use of reworking the underwater drawing with various art media, i.e. watercolor, acrylic paint, pastel techniques and ceramic
  - All art supplies, computer hardware, scanning and printing services are provided
  - End of workshop wine and cheese reception featuring student's finished work

Workshops can be taught in 3, 5, or 7 day courses.

Requirements: Basic dive certification. Prior drawing experience is not necessary
